HRIDOY BANIK

Objective

A passionate software developer.

Skills

- **Online Profile:** <https://leetcode.com/Alchemist05/> (solved 200+ problems)
- Expertise: JavaScript, ES6, ReactJS, NodeJS, GraphQL, ExpressJ
- Comfortable: C, NextJs, Mongodb, SQL ,NOSQL, NestJs, TypeScript
- Familiar : Firebase, python, django
- Tools : Git, Chrome Dev Tool, VSCode, Trello.,Notion,
- Blog: <https://medium.com/@hridoybanik>

Projects

🚦 Jobs Apps Using MERN Stack

- It is a job publication application where users can post their job post search jobs. All job information is stored in cloudside (mongo atlas). Design data model, Add JWT Authentication and create documents.
- **Livesite:** <https://jobify05.herokuapp.com/>
- Technologies: **ExpressJs, Swagger, Postman, Mongoose, MongoDB atlas, ReactJs**
- **API-documentation:** <https://jobs-api-05m.herokuapp.com/api-docs/>
- Github: <https://github.com/hridoy05/job-management-mern>

Full-Stack Subscription app

- This is a subscription based application where it allows user to pay a monthly fee for accessing content. All information is stored in cloudside(mongo atlas). Create frontend, Design data model, Create API in expressjs, Add subscription based authentication
- Technologies: **ExpressJS, StripeAPI, Postman, Mongoose, MongoDB atlas**
- Github: <https://github.com/hridoy05/mern-subscription-app-js>

Event Management API using NestJS

- This is an event application where it allows user to create event, they can attend event as a attendee. All information is stored in Posrgresql. Design data model, Create API in nestjs, typeorm , unit test, user authentication
- Technologies: **NestJs, docker, TypeOrm, Jest**
- Github: <https://github.com/hridoy05/nestjs-events-backend>

Social Media GraphQL-API

- It is a social media application where users can create post, update post.All posts users information is stored in postgresql
- Technologies: **ExpressJs, Graphql, Postman, Prisma Orm, PostGresql**
- For user authentication JWT is used
- Github: <https://github.com/hridoy05/social-media-graphql>

Education

Noakhali Science &Technology University

Information & Communication Engineering(B.Sc) , CGPA: 3.00, Duration: 2015-2020
